Dear Dr. Stein,

I wanted to express my gratitude for the recent adjustment. Your skills as a Gonstead Chiropractor are at its finest and your adjustments are most likely superior to anything I could receive in your state.

If I had to sum it up, your analysis of my spine, your plan of action and the adjustment including your post care are the reason your patients seek you and your care.

I should know, since I am not just another chiropractor, but also a Gonstead Practitioner myself.

Thank you again for your professionalism and your true love for chiropractic.

Sincerely,

Kevin Maloney, DC
